2.	<b>Minutes of the Previous Meeting</b>	No changes (KS)
3.	<b>Matters Arising</b> Member numbers update There is a drop in member numbers from 457 to 427 but this is because October is when Cara and the team remove anyone who has not renewed their membership from the system. This drop is minimal (a 10% drop is typically expected) which, in part can be attributed to the conference.	KS
