**3 Matters arising**

None

**4 Tea break, evening lectures and other events for 2025-6**

- Discussion focused on how to address Setting and Non-designated Heritage Assets for future meetings, there was general agreement that a session with Landscape SIG would be a good idea. Action: JL to liaise with speakers and liaise with Sam Turner

**5. Newsletter and communication issues**

- In summary, such has been the difficulty of having content for future editions, and such has been the success of the lecture series, that the committee after some debate determined that the newsletter should be scrapped.
- It was also agreed – but tempered by consideration of how busy members are – that on-line communication would be more effective
