

Registration Committee (Organisations) meeting dates

The RCO meet four times a year, usually in the middle of the month following the start of the new registration year in April. The meetings take place in: July, September, December and March the following year.

The dates for the 2023-24 inspection year are:

Wednesday 12 July 2023

Wednesday 20 September 2023

Wednesday 13 December 2023

Wednesday 13 March 2024

To be considered at a meeting, the inspection of the Registered Organisation ideally needs to take place at least 4 weeks beforehand to allow for the report to be produced and circulated, first to the panel members and then to the Responsible Post-Holder for comments.
